

Do you regard freedom as an opportunity to do something new? Do you say what you think, and do what you say? Does success drive you to take on new challenges and overcome them with passion? Then Rodenstock is just the place for you!

## PROJECT MANAGER (M/F/X)

with focus on Project Management Office (PMO)

### Your responsibilities

- Participation in managing the strategic corporate project portfolio across the entire project lifecycle
- Advancement of enhancements and process improvements within the PMO function
- Contribution to international strategic projects in a cross-functional environment
- Assistance in project planning, including budget and resource coordination with project leads
- Support in project monitoring, reporting and performance tracking across the portfolio
- Collaboratively driving the implementation of project management methods, tools, and best practices
- Building and maintaining strong relationships with internal and external stakeholders
- Preparation of decision papers and presentations for top management and the executive board

### Your profile

- Completed business-related studies; master's degree is an advantage
- Practical experience in a professional environment, e.g. internship in an international company or in a management consultancy, related to managing and prioritising tasks as well as coordinating project-related activities; professional experience is not required
- Initial experience in building internal and external stakeholder relationships is a plus
- Affinity for IT and AI technologies, with interest in leveraging digital tools for data analysis, reporting, and process optimisation
- Excellent command of MS Office, especially PowerPoint and Excel
- Business fluent in English and proficient in German
- Highly independent and motivated team player with strong intercultural as well as analytical competence
- Strong execution skills under high urgency and confident in presentations

### About Rodenstock

The Rodenstock Group is an international innovation leader and manufacturer of spectacle lenses in the eye health sector. This is driven by our philosophy "B.I.G. VISION FOR ALL – Biometric Intelligent Glasses" for a paradigm shift in bespoke varifocal lenses. The medical technology company, founded in 1877 and headquartered in Munich (Germany), employs around 4,100 people worldwide, maintains five central production facilities and is represented by sales offices and distribution partners in more than 85 countries. Due to the combination of German brand quality, technical innovation and global growth, you will find a wide range of work with a good deal of freedom for new ideas and your own personal development at Rodenstock.
