

Do you regard freedom as an opportunity to do something new? Do you say what you think, and do what you say? Does success drive you to take on new challenges and overcome them with passion? Then Rodenstock is just the place for you!

## PROJECT COORDINATOR INNOVATION EXCELLENCE (M/F/X)

### Your responsibilities

- Project management and coordination tasks, e.g. preparing and facilitating decision-making forums, document management, and internal process management to support the Research & Development (R&D) teams
- Monitoring the status of and reporting on projects within the division, including tracking actions and measuring success using KPIs
- Administration and continuous improvement of project management tools, including user training on MS Planner and best practices
- Management of the overall R&D and project budgets from planning through to monitoring
- Leadership of selected R&D and cross-functional projects in close coordination with stakeholders

### About Rodenstock

The Rodenstock Group is an international innovation leader and manufacturer of spectacle lenses in the eye health sector. This is driven by our philosophy “B.I.G. VISION FOR ALL – Biometric Intelligent Glasses” for a paradigm shift in bespoke varifocal lenses. The medical technology company, founded in 1877 and headquartered in Munich (Germany), employs around 4,100 people worldwide, maintains five central production facilities and is represented by sales offices and distribution partners in more than 85 countries. Due to the combination of German brand quality, technical innovation and global growth, you will find a wide range of work with a good deal of freedom for new ideas and your own personal development at Rodenstock.

Visit us on LinkedIn, Facebook and Instagram.

### Your profile

- Completed degree in business administration, economics, engineering or natural sciences
